MEDIA ALERT

Monday 8 March 2010

REIA to release Deposit Power Housing Affordability Report for the December quarter 2009

When: Wednesday 10 March 2010

Background:

The REIA will release the Deposit Power Housing Affordability Report for the December quarter 2009 on Wednesday 10 March 2010. The document is a comprehensive and accurate assessment of the ability of Australians to meet the cost of home purchase and is based on data from all major lending institutions.

The report includes an analysis of: housing affordability; rental affordability; first home buyers; factors determining home loan affordability; median family income; average loan sizes, and; interest rates
